Summary

Software developer with a strong academic foundation and practical experience in Java and Data Structures & Algorithms (DSA). Proficient in developing frontend applications. Experienced in database management, with a focus on building scalable and maintainable applications.

Education

SRM Institute of Science and Technology	Chennai, India
Bachelor of Technology in Computer Science and Engineering— CGPA: 9.28	2023 - present
Govt Higher Secondary School, Soura	Srinagar, India
Higher Secondary Education — Score: 92.4%	2021 - 2023
Tyndale Biscoe School	Srinagar, India
Secondary Education — Score: 86.6%	2011 - 2021

Technical Skills

- HTML5, CSS3, Javascript
- BootstrapCSS, TailwindCSS
- MySQL
- C, C++, Java, Python, Git

Projects

- **Vehicle Registration System** (Group Project)
  Java, Swing (JDBC), MySQL
  Built a desktop application for registering and managing vehicle records. Included features such as add, search, update, and delete functionality with a responsive Swing-based GUI and backend integration via JDBC.

- **Bus Enquiry System** (Group Project)
  Java, javax.swing, JDBC, MySQL
  Implemented a desktop application for viewing and managing bus schedules, fare information, and route searches. Built the GUI using javafx.swing and connected to a MySQL database using JDBC for dynamic querying and updates.
